

Greetings Kid's Campers And Staff,

We have been grateful to see conditions improve to allow for the return of Kid's Camp to the East Tennessee District for the Summer of 2021 and we are excited to see you on June 14 - 17.

As we have been nearing that date we have been praying and seeking wisdom on how to best gather. It is now time to pass along this update for how we plan to approach our COVID protocol for the week of Kids Camp. Our hope is to be wise and safe allowing the students to focus on Christ throughout the week and in an environment promoting this focus.

Help us take care of these basics to have a great week together:

- 1) Take temperatures of all your campers and staffers before leaving for camp. If any are running a fever of 100.5 or higher, have experienced COVID symptoms, or have been exposed to someone with COVID in the last 10 days, please, stay home.
- 2) Bring enough masks for each day of camp for campers and staffers. We are asking staff and campers to wear mask during indoor activities, in dorms (up to bunk times), and while standing in lines for meals/snacks.
- 3) Practice responsible social distancing when indoors.
- 4) Please know that if a staffer or a camper experiences COVID symptoms they will need to be picked up immediately.

That's it. We are really trying to keep it simple and focused. Our kids are amazing. They will model what they see in us and if we approach this week with wisdom and joy, they will likely outshine us. This is going to be a great week together and we can't wait to see you there.

Blessings,

Kara Cole
